

Reader Card renewal at the Research Library of Tomsk State University

You can renew your Reader Card if expired. For this purpose, you should contact the Reader Registration Service with a letter from the Dean's office on the session prolongation to a certain date; a teacher should produce TSU ID (or certificate) in which the date of an employment contract termination will be indicated.

The schedule of the Reader Registration Service is available at <http://www.lib.tsu.ru/ru/stat-chitatelem>.

If you are no longer a TSU student or a staff member, you can obtain the Reader Card as a General public user and get the right to use all services available to the chosen type of the Reader Card: [Basic](#) or [Optimum](#). To get a Reader Card, you should produce your passport to the Reader Registration Service.
